

WEEK 6 - SARDIS
REVELATION 3:1-6

Complacency is not a good thing. But it's not merely a bad thing. As we will learn in our text today, it can be a deadly thing. That's the situation facing our church today, the church of Sardis.

The _____ who is about to speak is the future _____, who has within himself the _____ of God.

Jesus' _____ shows that churches have _____.

We need to be more aware of the danger of _____ and the _____
_____ that surround us.

We need to _____ & _____ for Jesus' return so that it will be a day of joy and not a day of _____.

_____ and _____ don't come by accident. They are a result of _____ living.

The signs of an alive and vibrant church, one truly in touch with God are not names, noses, and numbers, but Christlikeness. How much do we in the church demonstrate the life-giving Spirit of Christlikeness in our personal lives, in our families, in our values, priorities, ministry?
